

1st Prize—Player Piano.

3rd Prize—Pollock Phonograph, \$135; positively the finest Cabinet Phonograph manufactured. Plays any disc record, and reproduces the tone absolutely correct. Given free as third prize.

4th Prize—Violin, \$25; picked from our regular stock.

The Greatest Piano Contest Ever Inaugurated in Canada

\$1,000 Six Grand Prizes \$1,000

Contest Open to Everyone—Read Conditions Carefully

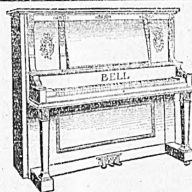

No person permitted to submit more than one reply.

Below we show a cut of a beautiful New Art Bell Piano, popularly known as "The Piano with the Sweet Tone."

FIRST PRIZE—To the first person giving the correct, or nearest correct, number of the piano, we will issue a Due Bill for \$500, good to apply on any new player piano in our stock.

SECOND PRIZE—To the second person giving the correct, or nearest correct number, we will issue a Due Bill good for one-half the regular price of any new upright piano in our stock.

Guess the Correct Number

What is the number of this Piano?

Get Busy Do It Now

THIRD PRIZE—A beautiful Pollock Piano, value \$135.00, and a Due Bill for \$25.00.

FOURTH PRIZE—A beautiful Violin, value \$25.00, and a Due Bill for \$10.00.

FIFTH PRIZE—Lady's Gold Watch, value \$15.00, and a Due Bill for \$10.00.

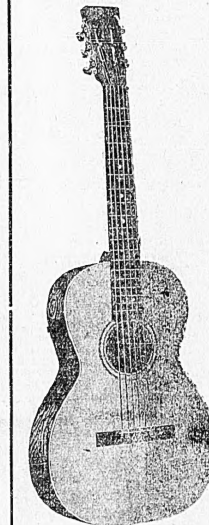

SIXTH PRIZE—A handsome Guitar, value \$15.00, and a Due Bill for \$10.00.

2nd Prize—Any New Upright Piano in Stock.

5th Prize—Ladies' Watch, \$15.00; case, 14 karat gold filled; movement, 15 Jewelled Waltham, purchased from Jackson Bros. and can be exchanged for any other watch of same grade.

6th Prize—Guitar, \$15; picked from our regular stock.

The Prizes are on display in our show windows. Who will be the winner?

This instrument is now in our show window, and the number has been carefully covered, and will remain so until after the contest closes. However, as a basis for our contestants, we state the correct number is not less than 2750 or more than 2950.

Write your reply on a sheet of paper with your name and address written plainly, and enclose it in an envelope addressed to The Masters Piano Co., 423-425 Jasper Ave. West, Edmonton, Alberta, and in one corner of the envelope write, "CONTEST DEPARTMENT," and mail it to us at once.

ALL REPLIES MUST REACH OUR STORE BY SIX O'CLOCK P.M., JUNE 20TH.

All letters addressed as mentioned will be numbered as received, and filed until after the contest closes, when they will be placed in the hands of a committee of three responsible people, who will make the award as follows:

A LITTLE EFFORT IS ALL THAT IS REQUIRED.

Five Due Bills for \$15, fifty Due Bills for \$100, fifty Due Bills for \$75, fifty for \$50, and seventy-five Due Bills for \$25. All Due Bills will be awarded in the order in which the replies are received, and will be good for their face value in our piano department only, and accepted as so much paid on any new piano or player piano selected from our stock, but no more than one Due Bill can be applied on any one instrument. Easy terms of payment on the balance can be arranged when desired.

OUR REASON FOR PLACING THIS PHENOMENAL OPPORTUNITY BEFORE PIANO BUYERS OF EDMONTON AND NORTHERN ALBERTA IS TWO-FOLD.

1st. In order to obtain desired concessions from our Manufacturers, we agreed to purchase a very large number of pianos during the year of 1917, and THESE PIANOS MUST BE DISPOSED OF.

2nd. An arrangement was made whereby we are to spend a large amount of money in advertising, and we prefer to distribute this money among our piano customers, rather than in the common, ordinary, channels of publicity, believing that a thoroughly satisfied customer is our greatest and best advertisement.

WE HAVE JUST RECEIVED A LARGE SHIPMENT OF MASTERS PIANOS. THEY ARE A PIANO FOR MASTER MUSICIANS. THEY EMBODY A BEAUTIFUL TONE, DELIGHTFUL TOUCH, REFINED DESIGN, AND SUPERB FINISH.

With our increased facilities, and with a stock of pianos superior in quality and magnitude to anything in Alberta, and second to none in Canada, we are in a position to serve our customers better than ever before. HENCE THIS IS THE APPOINTED TIME TO SECURE YOUR PIANO. Contest will close at six o'clock P. M., June 20th. All replies must reach our store by that time.

The MASTERS PIANO Co.

423-425 Jasper Ave. W. Edmonton, Alta.

NORTH EDMONTON'S SPECTACULAR DEVELOPMENT DUE TO ITS STRATEGIC LOCATION

Prospects for a rapid and steady growth in North Edmonton, due to the expansion of the large industry that is located there and the probable establishment of auxiliary industries in the near future, make it seem almost inevitable that the people of the village will require within a very short time all the utilities of the city of Edmonton has to offer, such as electric light, telephone, city water and a complete sewage system.

Since the settlement was started with the establishment of what was then known as the J. Y. Griffin packing plant, North Edmonton has been growing steadily. Hotels, general stores, churches and schools have sprung up in the place to meet the requirements of the people.

There are many circumstances which assure the continued growth and prosperity of the settlement at the packing plant. It has good railway facilities, a big industry employing a large number of workmen, and it is tributary to one of the richest sections of the Edmonton district.

North Edmonton has two railways. The C. N. R. has a passenger station and maintains a regular operator, both the Canadian Northern and the Grand Trunk Pacific have four tracks there, making it possible to ship all kinds of produce.

Board of Trade

North Edmonton has the packing plant, an institution that employs at the present time between 250 and 300 men and is to be doubled in size within a year. It has brought to North Edmonton a population of nearly 5000, a population that is increasing rapidly. It was 180 when it was founded. The place was taken four months ago.

The trade of an agricultural district is a great asset to a town and the place which is tributary to a thriving agricultural district is bound to be prosperous. Few people have taken the trouble to consider how well North Edmonton is situated in this respect. They want other things, such as electric light, a water service, an efficient telephone system within the community, good laws governing the health of the town, and an extension of the present street railway system furnished

by the city of Edmonton to serve the needs of the most thickly populated portion of the village.

Regarding the suggestion that steps be taken by the village council to have the Edmonton city limits extended to include in North Edmonton the following is the opinion of A. Brare, one of the members of the council:

"I think that the interests of North Edmonton would be better served at the present time by the incorporation of the village as a town than by annexation with the city of Edmonton. If, however, the city were willing to concede to us all the privileges we have sought—a liberal rate for water, light and telephone services, I should not be opposed to annexation. So far as I am concerned, I think that one of the principal objections to annexation is the Edmonton floor space tax. I think that the business tax should be abolished and that its abolition should be a condition of annexation."

The only conditions under which they would consent to become a part of the city of Edmonton are that they secure water mains of sufficient capacity and water supply for domestic and commercial purposes and for fire protection; the domestic rate for water to be the same as charged in the city of Edmonton; reductions to be made accordingly, and a flat rate for manufacturing purposes to be equalled 1 1/2 cents per 1000 gallons.

A trunk sewer along Norton street, having its outlet in the river and constructed in accordance with provincial government requirements.

Electric light in the whole of the village at the same rate as charged in Edmonton, and a flat rate of not more than 1 cent per k.w. hour for manufacturing purposes.

The same facilities and services to be given in the collection of garbage, etc., as are given to comply with the sanitary bylaws in force in Edmonton.

An efficient telephone service at city of Edmonton prices.

Street Car Extension

An extension of the street car lines through to the Transit hotel and a

few places below the Swift Canadian Company's establishment have the rural telephone service in the village.

At present the village is served with the rural telephone service by the provincial government. For a man who has to be in constant communication with Edmonton this is unsatisfactory.

Many places below the Swift Canadian Company's establishment have the rural telephone service in the village.

are under construction in the Bellevue subdivision immediately north of the village. Several residences are under construction within the village boundaries.

Presbyterian Church

Arrangements are under way for the building of a Presbyterian church in North Edmonton. This, probably, will be proceeded with this summer. A public school with two teachers has been established in the building over Halliday's drug store.

South of the tracks there is the North Edmonton hotel, kept by Joseph Martell, W. J. Brare's general store, Brown and Egerton's butcher shop, the Bohio restaurant, kept by J. Rand, The Old Chief boarding-house, a laundry, Fred Martell's feed barn, C. W. Saylor's real estate office, L. Keys' fruit store, J. Gallin's tailor shop, M. Dietz's boarding house, two carpenter shops run by J. Wilson and A. Quessell, a dairy owned by W. Gosselink, and a boarding-house kept by B. St. Germain.

North Edmonton's transient population is taken care of by the North Edmonton hotel and the Transit hotel. The latter is a three-story building with 30 rooms, furnishing accomodation for about 50 guests. It was started about two and a half years ago by Messrs. Murphy and Ryan, and was taken over four months ago by Charles Carey, formerly proprietor of the Strathcona hotel, Robert Carey is manager of the hotel. It is furnished with electric light.

The proprietor of the North Edmonton hotel is J. Martell. This is a three-story building with 30 rooms. There is a barber shop and pool room in connection with it.

The village is now governed by a council, the members of which are T. W. Fletcher (chairman), A. Brare and W. Gosselink. J. T. Halford is secretary, treasurer for the village.

The annual taxes of the village amount to about \$5,000. North Edmonton covers the whole of the southeast quarter of section 22, the northwest quarter of section 14 and the northeast quarter of section 15.

Just at present the G. T. P. is at work on the construction of a sixty-

foot steel subway at Norton street to accommodate the street traffic. This is in accordance with an order issued by the railway commission. The company has until August to complete the subway. They will then be allowed to close up the subway under their tracks at the Port trail.

Electric Restorer for Men

Phosphorus restores every nerve in the body to its proper position, restores vitality, prevents decay and all sexual diseases. It is a scientific preparation made by a man named Dr. E. A. Halliday, 25, Main street, Edmonton. Price \$1.00 per box, or two for \$2.00. Write to Dr. E. A. Halliday, 25, Main street, Edmonton, for a free trial.

NOTICE

On Monday, the 26th June, the price of all lots in Cromdale will be advanced \$25.00 each.

Cromdale is absolutely the cheapest property in the city today. It is but twenty minutes' walk from the Postoffice, has two lines of street cars running through it, all lots are high and dry, and it is an ideal site for a home, adjoining as it does the beautiful new City Park and Exhibition Grounds. There are very few lots left for sale in Cromdale, and we would strongly advise you not to miss this opportunity of securing one or more lots now.

Present Price of Lots \$275 to \$450.

SUNDAY BAND CONCERTS ILLEGAL, SAYS SOLICITOR

LEGAL ADVISER OF CITY SAYS STREET RAILWAY DEPARTMENT IS BREAKING LAW—CITIZENS COULD HIRE BAND IF THEY SO DESIRED.

Sunday concerts as at present conducted in the city park are under the ban of the Lord's Day Act, according to City Solicitor Brown, who gave the commissioners his interpretation of the law yesterday afternoon. He holds that it is illegal for the street railway department to profit financially by conveying people to the park, suggesting, however, that it would not be unlawful for citizens to gather in the park and pay for band music.

Mr. Brown's written opinion on the subject was referred to Superintendent

Knight of the street railway department.

After quoting from section 7 of the Lord's Day Act, the city solicitor says: "It seems to me there can be no other construction placed upon this than that it is unlawful for the promoters of the concerts to be the persons or corporations furnishing transportation to the concerts. The clause seems to be directly aimed at street railway companies owning parks and furnishing concerts on Sunday for the purpose of swelling their street railway receipts. The whole act is an act to

COM. BOUILLON DECLARES POWER PLANT INADEQUATE

SAYS CITY SHOULD ARRANGE FOR ADDITIONAL MACHINERY IN IMMEDIATE FUTURE—REPORT IS LAID ON THE TABLE.

In a written statement presented to the city commissioners yesterday afternoon Mr. Bouillon declared that the present power plant will be far from adequate to meet the needs of Edmonton for more than the immediate future. If the estimates are correct, he pointed out, the power plant facilities will have to be increased again within the next two years, and he considered it advisable to formulate general plans as soon as possible for expansion.

Commissioner Gandy believed that other matters of pressing importance to the city should be disposed of before taking up Mr. Bouillon's recommendations, although they should not be delayed too long. The matter was laid on the table.

Mr. Smith, acting as spokesman for a delegation that appeared before the commissioners, called attention to the bad condition of the road leading from Fourteenth to Hennings and asked that the city help in making needed improvements. As the commissioners were not authorized to do anything in the direction indicated without action of the city council, it was suggested that the property owners interested get up a petition covering the request of the delegation.

F. Adams, secretary of the hospital board, told the commissioners that doubt had arisen as to the care of a patient at the public hospital. The patient was taken to the hospital for surgical operation and later developed a well defined case of chickenpox. Being an infectious disease it was necessary to quarantine the patient and Mr. Adams said the hospital staff was not large enough to give the care required tonight. Mayor Armstrong suggested

prevent persons carrying on their usual avocation on Sunday. Section 8 makes provision that unless it is specially provided by provincial act, no exercises on which passengers are conveyed for hire and having for its principal or sole object the carrying on that day of such business for amusement or pleasure.

There is also provision against shooting on Sunday, sale of foreign newspapers on Sunday, and if it were not for the provincial act it would be illegal for the city to operate its street railway on Sunday at all.

"I am therefore of the opinion that these concerts as at present conducted are illegal. However, there would be nothing illegal in a number of citizens setting together and paying the band to play in the park on Sunday. The illegality comes in where the promoters of the concert indirectly make money by transporting people to the concert."

PROVIDENCE 276 YEARS OLD

Providence, P. E. June 10.—Founders' Day was celebrated in Providence today to mark the 275th anniversary of the founding of the city. Civic exercises were held this afternoon in the First Baptist meeting house. The speakers included Governor Pothier, Mayor Fletcher and Dean Alexander Meiklejohn of Brown university.

READY TO RACE AT LATONIA

Cincinnati, June 10.—Everything is in readiness for the opening tomorrow of the spring meeting of the Latonia Jockey Club. For more than a week the stables have been busy with horses from Churchill Downs and elsewhere and the prospects for a successful meeting were never brighter. A large and classy field is promised for the Latonia Derby, which will be the event of the opening day. The meeting will run thirty-one days.

STREET RAILWAY DEPARTMENT ON A PAYING BASIS

Twenty-Three Cars in Operation in May, Compared With 15 in November, 1910.

CARRIED NEARLY 490,000 PASSENGERS IN MAY
Revenue for Month Was Over \$20,000
Proves Book-keeping System Does Not Show What the Expenditure of the Department Was.

The remarkable increases which have taken place in the business of the street railway department since the opening of the financial year are illustrated in a striking manner by the detailed statement for the seven months ending May 31, which have just been issued by the department. The statements show the increase in number of passengers carried, in the number of cars in operation and the traffic receipts, in the car mileage and in the number of employees of the various branches of the service. Unfortunately no statistics of expenditure are given, and it is impossible to determine from a perusal of the figures, the financial standing of the street railway today or at any one time since the introduction of the system of accounting devised by Commissioner Bouillon. While it is believed that the system is now upon a profit-making basis, the compiled statistics shed no light on this question, and the time and manner in which the department was converted from a deficit maker into a revenue producer remains a secret unveiled even to the city auditor.

The statistics reveal the paradox of a very large increase in traffic during the seven months, side by side with a very considerable decrease in the output of current at the power plant for the operation of the system. In November of last year, when but 15 cars were in operation, and of these only 13 passenger cars, when the number of passengers carried on the street railways was 261,215, and the revenue \$15,126.75, the output of direct current from the traffic bus bars at the power plant, was 255,400 kilowatt hours. In May last, with 21 cars in operation, and an average of 18 passenger cars, with a total of 189,317 passengers, the revenue of \$20,000.16, the power plant output to the street railway was 209,900 kilowatt hours.

The consumption of current has in fact decreased almost continuously from month to month, while the traffic, which fell off slightly during the early cold months of January and February, has steadily increased in volume since the opening of March. The revenue per car mile has increased from 28 cents in November, to 30.1 cents in May, and the revenue per passenger mile from 28.3 cents in November to 30.4. April was the month in which showed the highest revenue per car and per passenger mile, the figures for that month being 30.5 and 30.8 respectively. The total passenger receipts in April amounted to \$19,014.97, the increase during the month of May, when the special Sunday service to the east end park was inaugurated late in the month, being thus \$1,010.02. The revenue in March was \$16,862.81. While there has been no increase in the mileage of paved track during the months with which the report deals, the total being 7 miles in November, and no greater today, one and a half miles, mainly on the east end extension, were ballasted in May, bringing the total of ballasted track back throughout the system to 14 miles. By the opening of the east Jasper route in May, the total mileage of the routes in operation has increased from 17.54 to 19.66. Street cars in operation covered a total of 55,515.69 miles in November, 56,219.78 in December, 50,998.94 in February, 58,739.69 in March, 61,584.61 in April, and 67,229.81, the highest on record, in May. One day in May no fewer than 19,700 passenger fares were received, this being the highest total ever known, and considerably greater than the total for citizen's day at the fair last year, when the record for 1910 was established. The average number of passengers per day was in November, 12,040, in January it had fallen to 11,280, and in May increased to 15,784. The average number of miles covered per passenger was 15 in November and 14 in May.

An increase of nearly fifty per cent. has taken place in the number of employees of the department. In November 494 persons were employed on the staff, and in May 122. During the winter months, while there was a steady increase in the number of men engaged in the operation of cars, there was a considerable decrease in the number of maintenance of way employees, and during December, January and February construction was necessarily at a standstill. In November 65 men were required to run the cars, in December 68, in January 67, in February 74, in March 77, in April 81, and in May 84. Twelve men were engaged in construction during April and May, as compared with 2 in March, when the construction work of the season was commenced.

During the period of seven months, the employees of the department were engaged in the various branches of the service in the numbers shown in the table below.

WORK ACCOMPLISHED BY SUPERINTENDENT

(Continued from Page One)

various parts of the province. The two at the left of the picture are brothers, eight and nine years of age, members of a family abandoned by a dissolute father, and brought under

influences of an unhealthy character by the subsequent career of the abandoned mother. It was at the request of the mother, who realized that the future of her sons might be jeopardized by early home associations, that the boys were taken under the aegis of Superintendent Chadwick. Today they are the adopted children of a well-to-do farmer of Southern Alberta, and will be the heirs to a very substantial property. Both are bright, intelligent lads, whose prospects are of the best.

When their condition was brought to the attention of Superintendent Chadwick's department, the boys who stand in third and fourth positions from the left, had been practically abandoned. Their father was serving a term of imprisonment, their mother had been entirely neglected them, and, lurking around Chinese restaurants, picking up odd jobs, running errands wherever the opportunity to make money occurred, sleeping at night in the open, or in any unoccupied building that lay to hand, they were rapidly degenerating into street Arabs of the most undesirable type. Malnutrition, which is the basis of nearly all the evils which the department fights, had weakened both physical and moral fibre. Indeed all was the economic cause. Poverty, which gives rise to sickness and fosters theft and fraud, is the evil against which the bureau engaged in rescue work must com-

bat. It is the economic cause, a cause which in Alberta and generally throughout the newer provinces, where opportunities for employment are good for every normal worker, is traceable more directly to the waste of the individual parent rather than that of society as a whole, which lies at the root of all.

Two years healthy life in foster homes, with medical treatment to eradicate physical defects, have wrought transformation. Educated in work on the farm of their foster parent, or in the elementary studies of their school course, the lads are equally successful. They are among the most promising of all the boys who have been placed by the department.

The youngest of ten, shown to the extreme right, was, when Sp. Chadwick first intervened to remove him from revolting surroundings, the most unwell of all. He was suffering from a bad eye defect when placed in the department's care, and was otherwise physically defective. To the eye of the untrained he appeared a quite harmless specimen of the genus human, which is the basis of nearly all the evils which the department fights, had the lighter sort, he would have been despised of by many an expert in eugenics. A doctor who interested himself in the case removed the boy's defective eye, the lad was removed to the shelter for three months, and at the end of that period he was considered to be in a proper condition to place in a foster home. Today abnormal tendencies have been eradicated, the street urchin has been transformed into a normally constituted boy, and is doing well.

CARRIE NATION WIELDS HATCHET FOR LAST TIME

(Continued from Page One.)

breathed so much over religious matters that her mind became unbalanced and she died in an insane asylum. Carrie Moore was a regular attendant at the Christian church Sunday school in the town of Mulvey near the city. She manifested great interest and enthusiasm in the study of the Bible, and was always at the head of her class. Through all her life she prided herself on being a God-fearing moral woman and imbued with the militant spirit of a Christian reformer. She always was fond of quoting the scriptures, and, later in life, when she took to the war path against saloons, she never failed to intersperse her harangues with plentiful references to the Bible. From her mother she had inherited a high-strung and extremely nervous disposition, but her physical constitution was excellent and enabled her easily to recover from the effects of her most exciting rants. Carrie, from her earliest youth, was fond of notoriety and this characteristic, together with the inherited mental instability and her leaning toward zealotry explain in a large measure her later career.

Moved to Missouri
When Carrie was fourteen years old, her father, who had lost the greater part of his fortune by speculation,

moved with his family to Missouri. But little is known of her life during the first years in that state, but she married when quite young. According to current rumor her first husband was a drunkard who often maltreated her. Not very long after his death she married David Nation, a native young lawyer. In the early '80's Mr. Nation was prosecuting attorney at Muncie, Ind., and under President Garfield he was appointed inspector of revenue on the Brazos river, Tex. He moved to Texas and held his office until President Cleveland removed him and filled the position with a Democrat.

When Mr. Nation went to Richmond, Tex., where he started a Republican newspaper, it did not pay and Mr. Nation sold out. Next he started a hotel in the same town. He and his wife conducted the hotel and made considerable money. Mrs. Nation made a point to look after the spiritual as well as after the physical welfare of the guests and insisted that they should go to church on Sunday. She did not hesitate in dragging unwilling guests to church by main strength and after she had subdued several bullies and obnoxious cowboys by her fearlessness and courage, she became greatly feared. After her husband had been run out of town after having been mixed up in a factional political fight, Mrs. Nation conducted the hotel alone, until her daughter married. Then she turned over the place to her son-in-law and joined her husband in Medicine Lodge, Ky.

Starts Campaign
It was while she lived in Medicine Lodge, that the inspiration came to her to start on a campaign of violence against saloons and "joints." She began in Kansas and afterward travelled all through the United States, "smashing joints" wherever she went. For nearly ten years she continued this career, which made her so notorious, that her husband obtained a divorce. She also visited England and there, as well as in several places in this country, she was placed in jail on several occasions. Her health forced her a few years ago to retire from the warpath, and she spent the rest of her days at Leavenworth, Kansas.

CALGARY EXHIBITION

The flight made by Strobel's airship at the Calgary exhibition 1908 undoubtedly created a sensation. The first appearance of the airship was on the 1st of July when it headed the procession to the exhibition grounds. In 1908 the airship was a great novelty, but the latest means of transportation today is by means of an aeroplane or heavier-than-air machine. At a very great expense the directors of the Calgary Industrial exhibition have arranged for flights of Strobel's aeroplane twice daily for the forthcoming exhibition at Calgary, June 30th to July 20th.

Strobel's aeroplanes have experienced phenomenal success, and have made Calgary the most thrilling flight yet made with heavier than air machines. Those who witnessed the flights of Strobel's airship will realize

that he will also make good with the aeroplane. Mr. Strobel's machine has been a sweep of 30 feet and will be under canvas for the inspection of visitors to the exhibition prior to and after each flight.

The aeroplane flights together with the mono rail demonstration, pictures of the Coronation, grand display of fireworks and other special features, will provide entertainment for visitors to the exhibition after they have inspected the splendid displays of live stock and industrial exhibits.

There will be reduced passenger rates to the exhibition. Price lists and other information may be obtained from E. L. Richardson, Manager, Victoria Park, Calgary.

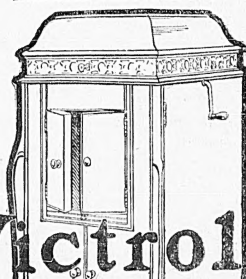

PROVINCIAL APPOINTMENTS

A number of new appointments to fill the agricultural department were announced by Mr. Marshall this morning. The vacancy created by the appointment of H. A. Craig to the position of superintendent of demonstration farms, is to be filled by C. E. Lewis, who has been chief weed inspector for some years past and now becomes superintendent of affairs and institutes. During the present season Mr. Lewis will retain charge of the weeds department also. Mr. Bertin Shaw has been appointed chief clerk and secretary of the department of agriculture in place of J. M. Thom, resigned.

MEETING OF HARVARD CLUBS

Minneapolis, Minn., June 10.—Hundreds of Harvard graduates from all parts of the country gathered in Minneapolis yesterday to renew acquaintance and to join in singing the praises of their alma mater. The occasion is the fifteenth annual meeting of the associated Harvard clubs. The members held their annual business session this morning at the Radisson Hotel and this afternoon they were taken on automobile rides about the city. Tomorrow will be spent at Lake Minnetonka and in the evening the gathering will close with a banquet in St. Paul. Dr. A. Lawrence Lowell, president of Harvard University, is here as the guest of the convention.

Military Point Cooking Lake

Well, where did you get the name, some of our friends ask us.

Well, this is the spot where the Hundred and First Regiment made their camp last year. They had a good time. They selected the place because the land was high and dry; the beach good and the distance from the station short; plenty of good shade trees and a score of other qualifications. So the owner of the property did them the honor to name the subdivision "Military Point."

Lots are selling at Military Point for the very reasons above mentioned.

There will be special train service all summer long. The rate is to be 90c. for the week-end.

The price of lots is

\$150.00 to \$200.00

and the terms are easy.

ESKIMOS WIN ANOTHER GAME FROM SASKATOON

FIRST PITCHER THE BERRY-PICKERS HAD SENT MANY MEN TO BASES—ATTENDANCE AT SASKATOON IS GOOD, DESPITE SHOWING OF TEAM.

Saskatoon, June 9.—In one of the best games seen here this season, which was practically a pitcher's battle after the second inning, the Eskimos won from the Berry-pickers by the score of four to one. Out-clubbing, sharp hitting and steady twisting marking were shown. The big Eskimo, was sent to the mound for the first round, but in the following he dealt out free transportation and deal balls with a generosity that looked like disaster for his followers. With the bases full after two men had scored he was sent to the mound and Sheridan substituted, after which there was little doubt for Edmonton. The Berry-pickers kept the hits scattered and his arm, still going down by the strike-out zone, came to the credit of Edmonton. The Eskimos, who also must have been effective and the home team unable to locate him to any extent during the first nine innings, succeeded in getting only one man over the plate and that in the first when he lasted a pass and hit two others.

Blue Bonnet Races Not So Good Today

Montreal, June 10.—Yesterday's card at nine o'clock was about the poorest of the season, but despite the racing record being won on the first five events, but there was a big upset in the sixth when time horses all outdied, finished about a half mile back the track record for 5-1-2 horses in the third, making the mark 1:09 4-5.

OH! You CALGARY! BRONKS WIN; ESKIMOS UP

CALGARY SENDS EDMONTON TO TOP BY WINNING FROM MOOSE JAW.

Moose Jaw, Sask. June 10.—Yesterday was an off day for the Bronks. Just what happened is hard to say, but it did. Stalling, the heavy side wheeler certainly got to his right fourteen yards, but he did some fine pitching and although the little seventh inning was taken out of him by the eighth.

On the other hand, Calum was erratic and he was sent to the mound in place of Harper and Foster a new man was put in the box, started well, facing two men, while the third, he has a surprise every Martin who sacrificed himself some of them hit him twice.

SWIFTS-CANADIANS WIN FROM Y. M. C. A. SOCCERITES

Red Deer Defeated Lacombe in Baseball

Lacombe, June 10.—The Red Deer base ball team defeated the local last night by a score of 7 to 0. The game was one of the best yet seen in the central league. The lineup was as follows:

Lacombe—Robinson, c; Gramp, p; Bantick, 1b; Hentrich, 2b; Garland, 3b; Lundy, lf; Miller, cf; Mosier, rf.

The score by innings—

1st 100 002 300-6

2nd 410 003 110-3

3rd 0 0 0 0 0 0 0-0

4th 0 0 0 0 0 0 0-0

5th 0 0 0 0 0 0 0-0

6th 0 0 0 0 0 0 0-0

7th 0 0 0 0 0 0 0-0

8th 0 0 0 0 0 0 0-0

9th 0 0 0 0 0 0 0-0

10th 0 0 0 0 0 0 0-0

Totals 10 0 0 0 0 0 0-0

Red Deer 7 0 0 0 0 0 0-0

Lacombe 0 0 0 0 0 0 0-0

Umpire William Shiley gave splendid satisfaction.

Winnipeg Still Taking Them From Angels

TOOK TWO GAMES FROM THEM YESTERDAY IN EASY STYLE.

Winnipeg, Man. June 9.—The Maroons and angels pitched up in two games here today and the locals gathered in two more victories from the fast falling "brand-new" team. The first contest was a pitcher's battle between Ray and Taylor, the latter the Maroons batted out a victory in the eighth, after the visitors had taken the lead by scoring one run.

The first game was two to one and in the second game the Taylorites bunched hits in the second and third on Lefty Hentrich, and the score ended 7 to 1, Hentrich bringing in the only run of his team with a long three-bagger.

The Maroons team presented two changes in its lineup, Hentrich in the right field and Hentrich at short stop, but even at that they could not score a victory. The first inning was a pretty one and when the visitors scored a tally in the eighth round, after each team being blanked for seven rounds, it looked as if they would win.

But the Maroons started their half of the ninth by hitting the bases and sending a single put two men across the plate, enough to win the game. The Maroons, which by Freer was a feature, though Taylor and Freer made two other circles.

The second game was decided in the second inning, when three runs were chased across the plate by the home-ers. They added four more for good measure in the seventh, which clinched matters.

The game was a great feature, the feature of the encounter; he lunched out two home batters, but his team mates could only bring him home once.

Winnipeg.

Y. LACKED GINGER—FORWARD LINE WAS VERY WEAK ON THE WINGS WHILE SWIFTS WERE GOING WELL—SCORE 1-0.

The Y.M.C.A. was defeated by a score of one to nothing by the Swifts team at Diamond Park last night, in a ragged game. The Y boys showed no ginger at all, getting out of their places, failing to touch the ball when they had it, and making some nice plays. But the half-back line, did some good work, playing strenuously and making some nice plays. But the half-back line, did some good work, playing strenuously and making some nice plays. But the half-back line, did some good work, playing strenuously and making some nice plays.

The Swifts had the better of the play, but the exceptionally good work of the Swifts, the goal keeper, their score would have been larger. Time after time the Swifts shot that looked almost like certain scores. It seemed to be in every part of the goal at one time, and the Swifts played a poor game. The wings seemed to be time 1:00; umpires, Glass and Sullivan.

Second game.

NEWS OF THE CITY

Langford Armstrong of 1125 Kinsington avenue is on the sick list.

A daughter was born to Mr. and Mrs. C. P. Skinner of West Edmonton on June 8.

The Edmonton Theological society meets every Sunday evening at 7:30 room 12, Mortlake block. Subject for tomorrow's meeting: "What is Theology?"

Work on their new block to be erected on Howard avenue north of the Bellamy Co.'s warehouse has been commenced by the contractors, Picas and Batson.

Gordon Cecil Goddard the sixteen-year-old son of the late Cecil E. Goddard, chief engineer of the Alberta and Great Waterways railroad died in the city last evening.

St. Joseph's church lawn party, Twenty street given by the young ladies of the parish Wednesday evening, June 14, 1911, at 8 o'clock had an attendance. Admission 25 cents.

For the purpose of receiving instruction in troops the colors for the coronation, a celebration, officers and non-coms of the 101st regiment will meet in the armory this evening at 8 o'clock.

Under the auspices of the young ladies of the parish of St. Joseph's a garden party will be held next Wednesday evening at 8 o'clock on the lawn of the church, Twenty street. A band will be in attendance.

The very large increase in business of the gas and electric light and inspection district of Edmonton, which has hitherto extended as far south as Calgary, has led to the passage of an order-in-council dividing the territory into two districts of Edmonton and Calgary.

A huge body of free milling gold ore is said by mining experts to exist to the west of the Fort George Township. The ore is supposed to be the largest body every yet seen in British Columbia. A. B. Clarke and Chas. Whitney are the discoverers of the mineral. They staked claims last fall.

A general meeting of Irishmen in connection with the Coronation celebration will be held in the basement of the Gracie Nair block 143 Jasper east on Tuesday, June 12th at 8 o'clock. A luxury invitation is extended to all Irishmen of Edmonton and Strathcona who are interested, to be present.

The party of G. N. R. engineers who arrived in the city early this week will go west shortly to take up the work of surveying the right of way of the main line of the C. N. R. from the Yellowhead pass to Kamloops lake. J. W. Bassett of the C. N. R. engineering staff in Vancouver arrived in the city yesterday to take charge of the work.

A substantial increase in street railway earnings for the month of May as compared with April of this year, is shown by the report which was submitted to the commissioners by Supt. Knight yesterday. The fares for April amounted to \$19,014.07, and for May \$20,116.16. The number of passengers carried increased from 152,959 in April to 149,317 in May.

It is probable that a deputation from the amputation committee will meet Hon. Frank Oliver on his arrival in Edmonton to discuss the matter of government assistance in the building of the east end bridge over the Saskatchewan river. At the committee meeting held on Thursday that it was decided to approach both the Dominion and the provincial government regarding the scheme.

At a joint meeting of wholesale and retail merchants held in the board of trade rooms last evening a resolution was carried to the effect that the wholesalers should confine their operations to selling to bona fide retail.

INGLEWOOD

SOME activity here in this beautiful part of town. We have some very attractive buys in Inglewood from

\$550 up

Some good Corners at \$600. Easy Terms. This looks good buying. Take a stroll out from the end of 24th St. car line tomorrow and see the change that has taken place here in past two weeks.

ENDERS & PAYNE

OPEN EVENINGS

merchants and railroad contractors, and that the retail merchants support on every possible occasion the wholesale businesses of Edmonton, with a view to strengthening the houses and inducing others to come to Edmonton.

While in Vancouver last week, E. Milchner, M.P. for the Delta, came in contact with a financial man who declares that he has at his command \$30,000,000 for the development of the north. The plan is to build a railway from Vancouver up and across the Peace river country to Fort McMurray. Mr. Milchner admits that the whole of this \$30,000,000 was formerly invested in Russia, but that the capital has recently been withdrawn for investment in Canada.

CUTWORMS HAVE ARRIVED

Edmonton gardeners are groaned. At least some of them have cause for serious complaint and later returns may swell the list somewhat.

The innocent looking cutworms "at the bottom of all the trouble." A number of the finest gardens in Edmonton have already been destroyed or nearly so by the little pest.

One night in most instances proved sufficient time for the cutworm to get in his deadly work. Owners of gardens retorted with a salute of satisfaction that their vegetables looked so nice and were growing rapidly in the richest soil of earth, only to arise in the morning to find their hopes blasted.

Investigation quickly disclosed the presence of garden's worst enemy, lying snugly and comfortably close to the surface with vegetable wreckage strewn all about.

Gardeners are now trying to devise some means of getting rid of the pest, realizing that it is no small undertaking.

EDMONTON TENNIS CLUB

The annual tennis club tournament will start on June 19th and the first round will be played off during the week of June 19th.

The tournament is very anxious to get the club tournament over so as not to clash with the annual tournament held on September 2nd, 4th and 5th; therefore all those intending to compete in the club tournament are asked to put their names on the list in the club house of the tennis club before Saturday next.

The tournament promises to be even more interesting than ever, as a number of new members have joined the club. There are eight open singles, eight handicap singles and eight handicap doubles, and the winners in the respective competitions will challenge the present holders of the three cups. The holder of the ladies' handicap singles cup is Mrs. Cairns. The holder of the gentlemen's handicap singles is Mr. A. E. Nash, and the holder of the gentlemen's handicap doubles is Mr. E. E. Holton.

Office: Room 35, Dominion Bank Bldg. Edmonton, Alta

Object

The profits of the theatrical business depend on the size of the audience. The Canadian Theatre Productions Company sells its shares in every town and city in the North-West, and every investor, being guaranteed as to the quality of the productions of this company, is an advertiser. For every friend the investor brings into the theatre he receives a dividend, and so the mere announcement of the approach of a production of the Canadian Theatre Productions Company will insure a full house, and therefore the profits are not speculative, but assured.

The productions of the Company earn a cash income as soon as presented, there being no long wait until the business is placed

on a paying basis, no bad debts, but a cash intake and immediate returns. The expansion of the theatrical business is practically limitless, as it must grow as the country grows.

Advantages

The Canadian Theatre Productions Company, Limited, is formed for the purpose of producing and directing the tours of a series of plays, operas, and entertainments, worthy of presentation to the Canadian Public and aims to build up a purely Canadian theatre. At present it will have to import a portion of its talent, but its scenery, costumes and accessories will be products of Canada, and Canadian talent, whether in acting or play-writing, will be encouraged and employed wherever possible.

COPIES OF THE PROSPECTUS OF THE COMPANY MAY BE HAD UPON APPLICATION TO THE SECRETARY

THE COMPANY IS PREPARED TO APPOINT AGENTS THROUGHOUT THE COUNTRY FOR SALE OF SHARES. APPLY TO SECRETARY

MINSIRELS AT LYCEUM

Tonight will be the last of the Minsirel show at the Lyceum theatre commencing Monday Sherman and Cleveland's Merry-makers will be seen in a comedy bill called "The Pork Packers." This little musical play has more laughs to the minute than anything I have presented here," said

Manager Cleveland. It is long on comedy and extra long on musical numbers.
